

# THE COLOUR CRAZE THAT'S SWEEPING THE NATION™

Dear Parent/Guardian,

**RE: School Run4 Fun Colour Explosion – Parent Consent**

Thank you for your support with the School Run4FunColour Explosion. We are well and truly on our way to reach our fundraising goal. The event is only weeks away which is very exciting, **Friday 12<sup>th</sup> April 2019 commencing at 12:50pm.**

We are seeking your permission for your child to participate in the School Run4Fun Colour Explosion. All measures have been taken to ensure that this event is as safe as possible for all students.

There will be three colour powder stations as part of the course. If you **do not** wish for your child to be sprayed with colour powder, they will be identified by wearing a coloured bib and will be directed to go around the colour stations.

The adults will do their best to spray the powder and water at the torso, however wind and other factors can cause the powder to protrude on the face. You may wish for your child to bring their own eye protection such as sunglasses or goggles. The students may run with bare feet or old joggers.

The colour powder used in the event is non-toxic, biodegradable and environmentally friendly consisting of 98% corn starch and 2% food colouring. It will likely washout of your child's clothing, however we recommend that your child wears a plain white shirt that you don't mind being coloured. That's what the event is all about! We recommend each student bring a drink bottle and an old towel.

The students will run in year groups starting at 12:50pm and finish at 2:50pm. Parents of Kindy, Pre-primary and Year 1 are invited to run with their child. Thursday Kindergarten parents are welcome to join in the fun with the understanding that they have duty of care for their child at all times. Start times (approximate): Year 6 – 12: 50pm, Year 5 – 1:10pm, Year 4 – 1:25pm, Year 3 - 1:40pm, Year 2 - 1:55pm, Year 1 – 2:10pm, PP/K – 2:35pm. Lunch will be held between 12:20pm and 12:40pm.

Based on the toxicology profiles of the powders used, their concentrations in the formulation and the mode of use, the colour powder is considered safe for use. Students with lung issues such as asthma are advised to be careful in their decision to participate.

Should you wish to view the ingredient listings and toxicology risk assessment of the powder, please see the staff at Reception for a Safety Data Sheet.

Get ready for a **BLAST OF COLOUR**, and thanks in advance for your support! Happy fundraising! If you are able to volunteer to help, please see P&C President Van O'Briain or add your name to the sign up volunteer sheet at Reception by Wednesday 10<sup>th</sup> April.

**Burrendah Primary School P&C**
