

PBS Update: Week 6, Term 3

With our school's Behaviour Matrix now a working document more displays will be seen around the school. They are promoting expected behaviours straight from the matrix.

This fortnight Mrs Kinniment and her leadership team have been in areas of the school before and during school hours to hand out gold cards for positive behaviour, focusing particularly for walking on pathways.

Visuals that were recently voted on by the school community are being finalised with the graphic artist. When these are returned some exciting decisions need to be made in relation to promotion of PBS!

The PBS committee will create the Respect curriculum this Term and supporting Staff videos will be filmed in Term 3 or Term 4. Finally, the current lessons on Responsibility have been reordered to reflect the priorities of the school this Term.
